

## AERIS COLLECTION by Robin Rizzini

When designing the Aeris collection, Robin Rizzini envisioned a scene of people enjoying each other's company—engaging in conversation, relaxing, or dining together. The design evokes moments of warmth and connection: a glass of wine shared under nature's vibrant hues, accompanied by a gentle sea breeze and the scent of summer blooms. It's a true celebration of life and our beloved earth. This collection celebrates purity in materials. It highlights the natural elegance of teak combined with the sleek, technical allure of aluminum. Each element is gracefully united by rope, symbolizing both connection and comfort, and bringing the circle of this lightweight, refined collection to a harmonious close.
