

NUANCE COLLECTION  
by Valerio Sommella &  
Simone Bonanni

Nuance is an outdoor collection created with the intention of blending simplicity and elegance through what we call soft-geometric design. All the elements of the collection feature a strong geometric wooden frame, whose rigidity is softened by a distinctive rounded back and Serif-like armrests. At its core lies the concept of open-closed transparency, brought to life through woven panels that allow light and air to pass through while preserving a sense of privacy and structure. These features come together to shape Nuance's distinctive aesthetic, making it both comfortable and instantly recognizable.
